Dear Al:

Attached are three (3) copies of a list of modifications to the Mark I Mensuration Viewers at SAC.

It is requested that your Company review these changes and submit a detailed cost and delivery proposal to accomplish this work on the four (4) viewers at the 544th RTG. If a field modification is possible, this would be the most desirable method. However, the viewers can be returned in an orderly fashion if required.

You are authorized direct contact with SAC, if necessary in preparing your proposal.

Very truly yours,

Wendell
